JOINT LEGISLATIVE AUDIT COMMITTEE

2009-10 End of Session Report

JOINT LEGISLATIVE AUDIT COMMITTEE'S LEGISLATIVE ROLE

Created by statute in 1956, the Joint Legislative Audit Committee (JLAC) oversees the work of State agencies and the programs they administer. Independently and through the State Auditor, JLAC investigates, studies, analyzes, and assesses the financial practices and performance of governmental and publicly created entities in California to ensure programs are achieving their legislative intent. The ultimate goal of JLAC is to improve government performance.

JLAC reviews audit requests from any of the 120 members of the Legislature, and establishes priorities by approving audit requests that are a good use of State Auditor resources and will provide important information to the Legislature and the people of California.

Role of the Bureau of State Audits

The Bureau of State Audits (BSA) is the only California state agency statutorily authorized to perform independent and nonpartisan external audits—both financial and performance-based. These audits are intended to promote the efficient and effective management of public funds and programs. JLAC staff does not perform audits.

The State Auditor must conduct any audit requested by JLAC to the extent that funding is available. State law precludes the State Auditor or any of her staff from discussing or disclosing any aspect of the audit, including the audit approach or potential findings, until it is released publicly. All of the State Auditor's reports are transmitted within 24 hours of completion to the public, the Legislature, appropriate committees, and the Governor.

BSA reports are available at www.bsa.ca.gov.

The BSA performs both *mandated and discretionary* audits of state and local governments.

Mandated audits are required by statute, such as the State's annual fiscal audit, and are at times required in annual budget bill and trailer bills. Mandated audits are the highest priority for the Bureau of State Audits. At present approximately 64 percent of BSA's time is consumed by mandated audits. Any legislation mandating an audit requires either an appropriation to fund the estimated cost of the audit (Joint Rule 37.4) or a waiver by the JLAC Chair if the estimated cost is under \$100,000 (Joint Rule 37.5).

Discretionary audits are requested by members of the Legislature through JLAC. Resources for discretionary audits vary, but at present approximately 36 percent of the BSA's audit resources are devoted to discretionary audits. This equates to approximately 25 audits per year, depending on their complexity.

There are two types of discretionary audits –*performance and financial*. Both performance and financial audits can address compliance issues, which include determining whether an entity or program is complying with applicable laws and regulations.

Performance audits are independent, objective assessments by the BSA of the performance of a government organization, program, activity or function in order to provide information to improve public accountability and facilitate decision-making.

Financial statement audits provide reasonable assurance that a governmental entity's financial statements accurately present its financial position in accordance with generally accepted accounting principles. *Financial-related audits* determine whether an entity has adhered to specific financial compliance requirements and whether the entity's internal control structure for financial reporting or safeguarding assets are sufficient.

JLAC'S AUTHORITY

JLAC derives its authority from statute, the Joint Rules of the Legislature, and the California Constitution (see page 15). In addition to approving discretionary audits for State Auditor evaluation, JLAC enjoys the authority to examine the performance and the financial affairs of any and all existing public entities in the State and to conduct hearings at any time and at any place in the State without restrictions.

JLAC'S STRUCTURE

JLAC was crafted to be non-partisan and continues to fiercely guard its non-partisan tradition. JLAC is composed of seven Assemblymembers and seven Senators. By statute, the Chair of JLAC is elected and serves until the position becomes vacant. A vacancy may occur upon the non-reelection to office of a JLAC member.

- (l) Unless the requesting member withdraws the audit request, the Chair shall submit the request, including any modifications agreed to by the member, to the State Auditor for the purpose of determining the feasibility, scope, and cost of performing the proposed audit.
- (m) The State Auditor shall prepare an analysis of the audit request, including the feasibility, scope, and cost of the audit and transmit the analysis to the Chair. The Chair shall distribute the analysis to the committee members. Neither the Chair nor any member of the committee shall disclose an analysis to the public until such time as the Committee has noticed and reviewed the request in an open meeting of the Committee.
- (n) At the time of hearing, an audit request may only be amended if the amendment does not substantially effect the feasibility, scope or cost of the proposed audit. Should a requester wish to substantially amend a request, the requester or Chair may ask the Committee to hold the request until the next committee hearing.
- (o) No action shall be taken on an audit request until such time as the Committee has reviewed the request and the State Auditor's analysis in an open meeting of the Committee.

AUDITS REQUESTS RECEIVED DURING INTERIM OR RECESS

- (p) Notwithstanding rule (o), an audit request of an urgent nature received during interim or recess may be approved with the concurrence of the Chair and Vice Chair, provided that the audit's cost shall not exceed \$75,000 and that the audit shall not commence until five working days after the Committee members have been notified in writing of the audit's approval.
 - a. Audit requests in excess of \$75,000 received during interim require approval through an open meeting of the Committee as described in rule (o).

- b. If any Committee member objects to an audit request approved pursuant to this provision within the five working days, the audit shall be placed on hold until the next regular open meeting of the Committee.

MEETINGS

- (q) The Committee shall meet upon call of the Chair.
- (r) Notice of hearings and the subject matter being heard shall be given in the Daily File.
- (s) The Chair shall set the hearings of audit requests and arrange the calendar for Committee hearings. Notice of hearing of audit requests shall be given the requester and such other appropriate persons requiring notice. Audit requests will not be considered in the absence of the requester without his or her consent; however, audit requests may be presented by the requester's representative authorized in writing.
- (t) The Chair shall direct the order of presentation of the arguments for and against matters for consideration by the Committee, and shall permit questions to be asked by the various members of the Committee in an orderly fashion and in keeping with proper decorum.

 - (2) Deny the request;
 - (3) Retain the request for future consideration; or,
 - (4) Refer the request to another agency, if another agency is the more appropriate venue.
- (y) For all approved audits, the Committee shall set priorities for the State Auditor considering the extent that resources are available. To assist the Committee in ranking and prioritizing audits, the State Auditor shall each month provide the Chair with a schedule of available resources for audits throughout the fiscal year.

- (z) The State Auditor shall conduct all approved audits pursuant to Government Code Section 8546.1 to the extent that funding is available and as prioritized by the Committee. - (aa) Any Committee member may request a public hearing to discuss the State Auditor's completed report. The Chair may summon the official whose office is the subject of the audit, the requester, the State Auditor, or any other person to appear at the hearing and provide testimony.
- (bb) An audit request retained by the Committee and not acted upon before the end of the regular two-year session of the Legislature shall automatically be deemed denied. The Chair shall contact each requester who remains a member of the Legislature and whose audit has been thus denied and notify him or her that the audit request can be resubmitted to the Committee during the next regular session.
- (cc) Further consideration of an audit request that has been approved of or defeated by the committee shall be by reconsideration only as follows:
 - (1) A motion to reconsider a vote by which an audit request is approved shall be in order and shall be voted upon at the same meeting. If such a motion is carried by a vote of four members from each house, the audit request may be considered at that meeting, provided the requester is present.
 - (2) A motion to reconsider a vote by which an audit request that has been defeated shall be in order and shall be voted upon at the same meeting. If such a motion is carried by a vote of four members from each house, the audit request for which reconsideration has been granted pursuant to this paragraph, shall not be heard again until a subsequent meeting of the Committee.

The recommendation of a subcommittee may be accepted by the affirmative vote of at least four members from each house.

- (gg) Pursuant to Joint Rules 37.4 and 37.5, the Committee shall review all bills or resolutions assigning a study to the Committee or State Auditor and request an appropriation to fund the audit, waive this requirement as appropriate, and/or bring the issue to the attention of the standing committee with jurisdiction over the legislation.

SUSPENSION OF RULES
